Sedona Software Solutions to Acquire Renaissance Mining;
LOM Capital Limited to Assist With \$6 Million Financing

BOULDER, COLORADO--Sedona Software Solutions, Inc. ("SSSI") is pleased to announce that it has signed a Letter of Intent ("LOI") with Renaissance Mining Corp. ("Renaissance"), whereby SSSI will acquire by merger all of the issued and outstanding common shares of Renaissance. SSSI is a publicly traded company with no assets and no outstanding liabilities. SSSI proposes to change its name to Renaissance Mining Holding Corp., and Renaissance Mining Corp. will be a 100% owned subsidiary.

Closing of the transaction is subject to negotiation of a definitive purchase documentation, and satisfaction of other contingencies as set forth in the LOI. In connection with the merger, Bermuda based LOM Capital Limited has agreed to assist Renaissance, by serving as its investment banker with a private equity financing of \$6,000,000 USD at a price of \$3 per share, subject to satisfactory completion of due diligence.

"We at Sedona are very excited by the opportunities provided by our merger with Renaissance. Renaissance has experienced rapid growth during the past 3 months, and we expect that growth will continue. Previously, Renaissance announced the signing of a letter of intent to acquire gold producing properties in Central America, which upon consummation of the transaction, will leave Renaissance poised to become a significant intermediate gold producer. Our goal, through Renaissance, is to continue building the Renaissance production portfolio over the next 24 months and to ultimately become one of the premier intermediate gold producers in the world," says Anthony Wile, Sedona's new chairman and the chairman of Renaissance.

SSSI will effect this transaction by forming an acquisition subsidiary that will merge with Renaissance Mining Corp, with each stockholder of Renaissance receiving one common share of SSSI for each share of Renaissance held. SSSI currently has 5,341,000 common shares issued and outstanding. Upon closing of the merger SSSI will redeem or otherwise retire 3,206,000 common shares that are held by current officers and directors. Renaissance Mining Corp. currently has approximately 4,307,300 common shares outstanding, and will be issuing an additional 8,000,000 common shares to CAMHL under the terms of a recently signed letter of intent.

As noted above, LOM Capital Limited will serve as an investment banker for Renaissance Mining Corp. which is offering \$6 million of its securities in a private placement transaction, pursuant to which Renaissance will issue up to 2 million shares of its common stock. Following completion of the merger, the private equity placement, and the CAMHL mining property acquisition, the total number of common shares outstanding in the new post merger company will be approximately 16,442,300 common shares.

In addition, all officers and directors of SSSI have resigned effective immediately and Renaissance Mining Corp.'s Chairman, Anthony Wile has assumed the position of Chairman of SSSI. Ian Park, Renaissance's President and CEO has been appointed the new President and CEO of SSSI.

SSSI's new President and CEO, Ian Park says, "Renaissance has a great opportunity to develop into a leading intermediate gold producer. We have successfully developed a two-tier company that has firmly positioned itself with a strong production and exploration portfolio in Latin America, as well as an exceptional exploration portfolio in Red Lake, Ontario. Our acquisition and production teams will be evaluating a number of key new production assets that will increase our already significant production portfolio."

The statements contained in this press release are both historical and "forward looking" in nature within the meaning of the Private Securities Litigation Reform Act of 1995, and involve a number of risks and uncertainties that could cause actual results to differ materially from those projected, expected,
